(Ontario, CA January 20, 2012) The most effective homeownership event to ever hit the state of California arrives in Ontario Thursday January 26th and ends Monday January 30th. The massive operation will host all the major lenders, investors, counselors and underwriters. The event will create new homeowners by approving new mortgages. It will also save current homeowners hundreds and sometimes more than a \$1,000 a month off their mortgage. This event will run for five days beginning at 8:00 a.m. and ending at 8:00 p.m. each day. Everything is Free!

For many Americans, the dream of home ownership has either become a nightmare or an illusion. The housing crisis has banks refusing to lend and homeowners losing their homes. But in an unprecedented move, the nation's leading non-profit homeownership organization has created an event that tackles both problems by providing solution based counseling sessions with decision makers.

NACA's American Dream Event will provide new mortgages to home buyers and free modifications to homeowners. The Ontario Convention Center in Ontario, CA will host California's first ever Home Purchase and Home Save event. It happens Thursday January 26th through Monday January 30th. Many will qualify for a fixed rate mortgage with no down payment, no closing costs, no points or fees. And consumers don't need perfect credit.

The event comes at a crucial time when most working people can't qualify for a new home loan. Most home buyers are required to put thousands of dollars down before they can purchase a home, but NACA's mortgage alleviates that worry. "The pundits may have people believe the no down payment loans helped create the housing mess, but they are wrong. It was the terms of those loans that set people up to fail. NACA's mortgage is a fixed affordable rate for the life of the loan...today's rate is 3.875%," said NACA Founder & CEO Bruce Marks.

There will be hundreds of counselors talking with consumers either wanting to purchase that dream home...or reduce payments on a current unaffordable mortgage. Hundreds of bank representatives from all the major lenders and investors will be in attendance to approve the new applications on the spot. To register go to www.NACA.com
